The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Parks'650 et al. reference pertains to a powder filling system for medicament powders that utilizes a polymer-type filter in its vacuum application and the Deeb et al. and Doi et al. references pertain to stretch woven materials not used in filling arrangements or systems.

The following is an examiner's statement of reasons for allowance: none of the prior art of record, alone or in combination, teach Applicant's invention of a method and apparatus for metering and filling doses of finely divided powders comprising the application of a stretched woven filter between a receptacle opening and a suction nozzle such that a dose-to-dose standard deviation of 10 % and preferably below 5 % is achieved.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven O. Douglas whose telephone number is (571) 272-4885. The examiner can normally be reached on Mon-Thurs 6:00-6:30.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
